

# Benchtop Density Meter & Automatic Refractometer Testimonial QC NA

## **A Rudolph Research Analytical testimonial from a Benchtop Density Meter user.**

Dear Julio, I would like to thank you and Peter Marriot for the excellent service you have provided me DDM2910 (Density Meter) and the J257 (Refractometer). The DDM2910 and the J257 are fabulous. We compare them against other Specific gravity instruments and we love Rudolph's equipment. I would also like to thank you and Shawn, for all the support over the phone as well as in person with these instruments. No matter who I call, I always have a very pleasurable experience. I would definitely recommend your instrumentation to anyone I know because of the excellent technical support always. Thank you again for your help and support.

Best Regards,

D.R

QC Analytical Lead

Flavor QC North America

**Rudolph Research Analytical** is a global manufacturer and supplier of Density Meters.

**Quality • Integrity • Innovation • Global Reach.**

For over fifty years Rudolph has dedicated itself to manufacturing quality instruments and providing superior service. With over 5,000 instruments installed worldwide and many still in operation after 25 years of service, Rudolph is known for quality, durability, reliability and is NVLAP certified. No matter what the application, Rudolph's complete line of polarimeters, saccharimeters, and accessories can meet your laboratory's needs for accuracy, reliability and service.
