

Density Meter Testimonial KOST USA

A Rudolph Research Analytical testimonial from a Density Meter user.

Julio, I wanted to let you know that we have been extremely pleased with the DDM 2910 Automatic Density Meter. It has been a valuable addition to our laboratory. The DDM 2910 has expanded the functionality as well as replaced the old method using hydrometers. The instrument has been very dependable, experiencing no downtime. I would recommend the DDM 2910 Automatic Density Meter and Rudolph Research Analytical to anyone.

Sincerely,

T.O.

Quality Assurance Manager

KOST USA

Cincinnati, OH

Rudolph Research Analytical is a global manufacturer and supplier of Density Meters.

Quality • Integrity • Innovation • Global Reach.

For over fifty years Rudolph has dedicated itself to manufacturing quality instruments and providing superior service. With over 5,000 instruments installed worldwide and many still in operation after 25 years of service, Rudolph is known for quality, durability, reliability and is NVLAP certified. No matter what the application, Rudolph's comparators, polarimeters, saccharimeters, and accessories can meet your laboratory's needs for accuracy, reliability and service.
